

# THE TWINS

*Songbook*

## Love System

Hey boy in the corner there, you're keeping people at bay  
The others dance, you sit and stare, it doesn't really have to stay that way  
Take a chance and free yourself  
don't get left on the shelf

Hey girl on the dance floor, don't get carried away  
You're looking good, but are you sure, you look so good by the light of day  
Take a chance and free yourself  
don't get left on the shelf

Love system, love system - all have the chance  
Love system, love system - get up and dance  
Love system, love system - everyone's there  
Love system, love system - let down your hair

Love system, love system...

Hey mother it can't be true, you're just not making sense  
Now you're alone it won't help you, to sit alone on the garden fence  
Take a chance and free yourself  
don't get left on the shelf

Love system, love system - all have the chance  
Love system, love system - get up and dance  
Love system, love system - everyone's there  
Love system, love system - let down your hair

Love system, love system...

Cause I know that there's a love system  
It's a circus, it's a fate  
If you're unhappy, trust the love system  
Now is never too late

It's up you to change your way of life  
Take a chance and free yourself  
don't get left on the shelf

Love system, love system...

## **Ballet Dancer**

When you're dancing you're fantastic  
All you're dressed in is elastic  
You make art with twirls and spins  
can't wait till the show begins

Anyone can see  
You were made to dance for me

Won't take no - no for an answer  
You're my you're my ballet dancer  
Won't take no - no for an answer

I've been here for every show  
There's not a step that I don't know  
I know your body small and neat  
dancing on your dancing feet

Anyone can see  
You were made to dance for me

Won't take no - no for an answer  
You're my - you're my ballet dancer  
Won't take no - no for an answer

## **A Wild Romance**

I guess you can't imagine  
Just what it meant to me  
When one look was sufficient  
To transform seconds into eternity

Life is too short  
To waste it in this way  
To stare through one another  
And to pretend everything will be okay

Feelings of longing, imagine a new desire  
Feelings of longing, the one thing that I require

A wild romance with you  
A meeting by chance with somebody new  
A wild romance with you  
A wild romance with somebody new

I think you know  
That habit causes apathy  
And how I hate this loneliness  
That surrounds us when you are with me

Feelings of longing, imagine a new desire  
Feelings of longing, the one thing that I require

A wild romance with you  
A meeting by chance with somebody new  
A wild romance with you  
A wild romance with somebody new

## **Private Eye**

I don't know you  
Nor do I need to cause you're so near  
don't speak to you  
But every word that you say I hear  
can't betray me  
All of your secrets are known to me  
Nor deceive me  
I see things nobody else can see

I can see inside your home and your mind  
But my motives are good you will find

Well I'm a private eye  
I'm watching you all the day and the night  
I'm a private eye  
I simply can't let you out of my sight

I am with her  
I am the shadow down by her feet  
I'm the stranger  
Who's rented the room just across the street

I can see inside her home and her mind  
But my motives are good she will find

Well I'm a private eye  
I'm watching her all the day and the night  
I 'm a private eye  
I simply can't let her out of my sight

## **Facts Of Love**

Since we met each other yesterday  
my life's changed in a most remarkable way  
I arrived there late but still you waited  
Since that time I've been infatuated

I'll never have to worry again about falling in love  
She is the woman that I've been dreaming of

The way you look, the way I feel  
These are the facts of love  
The beating heart I can't conceal  
These are the facts of love

Since you left me last night at the station  
I've been in a state of fascination  
I only need to look into your eyes  
And hear you say there'll be no more goodbyes

I'll never have to worry again about falling in love  
She is the woman that I've been dreaming of

The way you look, the way I feel  
These are the facts of love  
The beating heart I can't conceal  
These are the facts of love

## **Not The Loving Kind**

Is this what you call life  
Asking for trouble and longing for strife  
You're chasing me  
the rumour 's rife

Your intention's all too clear  
Calling me up and calling me dear  
And filling me  
With dread and fear

I can't deny it's true that love is blind  
If you can't see that it's all in the mind  
Just leave me be I'm not the loving kind  
It's plain to see I'm not the loving kind

You know you won't succeed  
In winning cocks with chicken feed  
The signs are there  
For you to read

Your efforts are effete  
The stakes too high for easy meat  
Why don't you just  
admit defeat

I can't deny it's true that love is blind  
If you can't see that it's all in the mind  
Just leave me be I'm not the loving kind  
It's plain to see I'm not the loving kind

## **Must Have Her Back**

The raindrops rattle on the window pane  
As if the rain will never end  
This loneliness is driving you insane  
You said your will would never bend

You said your will was ever constant  
That men of principle keep cool  
No thought of phoning for an instant  
But now you're asking who's the fool

Just admit - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back

And so you still refuse to ring her  
You tell yourself that she's a flirt  
If she's a flirt you're a beginner  
Who are you really trying to hurt

I see you standing all alone now  
It must be hurting underneath  
You say you want to stay at home now  
I think you're lying through your teeth

Just admit - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back

Face the facts - you knew - you must have her back  
It is true - admit - you're out on your luck  
Without her - to love - you're lost in this world  
Without her - admit - you must have her back

## **Why don't You**

Every morning, every evening  
You find fault and hit the ceiling  
What have I done to deserve this  
Is this really marital bliss

Assaulted and peppered with screams  
This is a nightmare it seems

You want to go  
You say you're leaving  
Why don't you

All you want is to possess me  
You're beginning to depress me  
You give me more than I can take  
All I dream of is escape

Assaulted and peppered with screams  
This is a nightmare it seems

You want to go  
You say you're leaving  
Why don't you

## **Men Of Destiny**

We are the advocates  
Of a better world  
We cannot be bargained with  
only bought or sold

The technological era  
Will gain ascendancy  
We derive our power  
From pure energy

The technological era  
Will modernize our time  
Progress for everyone  
Who agrees to tow the line

We are men of destiny  
Men of muscle and brain  
And without men of destiny  
This planet has no aim

We await the day of judgement  
It's not so far away  
As long as we survive the fall-out  
Everything will be okay

## **Between the woman and you**

You know that we both need  
The chance to be alone and free  
And yet still we both have to return  
To the warm embrace of the other's arms

But this time I can't find my way to you  
It used to be such an easy thing to do  
I feel nothing but weariness  
From fighting for our happiness

You look at me, I turn away  
I just can't think of a word to say  
How could I ever explain the plan  
Of something I don't understand

I can feel a breeze behind me  
The breath of a world that's spinning around  
There 's a storm that beats inside me  
An earthquake that roars without making a sound

I am standing here, balanced between the woman and you  
can't make up my mind to choose between the woman and you

You know that we both need  
The chance to be alone and free  
And if I don't make it back this time  
You know I'll never return again

I can feel a breeze behind me  
The breath of a world that's spinning around  
There's a storm that beats inside me  
An earthquake that roars without making a sound

I am standing here, balanced between the woman and you  
can't make up my mind to choose between the woman and you

## **A Little More Alive**

We talk a lot together  
And think we'll talk so forever  
Our differences are put under sedation

We share a light by which we see  
Within our world of secrecy  
Joined in an internal exploration

We are happy this way  
Let our thoughts carry us away

I feel a little more alive  
You and me we're drifting with the tide  
I feel a little more alive  
You and me we're drifting side by side

Of love we never spoke a word  
Somehow it seemed just to absurd  
To interfere with our imagination

We share a light by which we see  
Within our world of lunacy  
Joined in an internal exploration

We are happy this way  
Let our thoughts carry us away

I feel a little more alive  
You and me we're drifting with the tide  
I feel a little more alive  
You and me we're drifting side by side

## **Heaven In Your Smile**

Moments of dismay  
Grip my body tight  
And hold me here  
I want to escape  
To break off these chains  
of doubt and fear  
It's an emptiness  
It's the feeling I get  
Without You

I only exist  
For the memory  
That you were mine  
A Picture's engraved  
Upon my minds eye  
Of a forgotten time  
It is distant now  
It is meaningless  
Without You

There is heaven in your smile  
And a light is in your eyes  
It's a secret you can't hide  
There is heaven in your smile

Time passes by  
And only confirms  
Everything I feared  
All of the things  
That I once lived for  
have disappeared  
It's a hollow world  
It's a world without aim  
Without You  
You are lost to me now  
And it's lonely here  
Without You

There is heaven in your smile  
And a light is in your eyes  
It's a secret you can't hide  
There is heaven in your smile....
